Abundance cheque ritual

Abundance checks (cheques) are a useful tool which we can use to create more abundance in our lives; all we need to do is write out a check (cheque) within the 24 hour period after a New Moon! You will be truly amazed at the results: I, personally, have seen evidence of an increased abundance in my life, in all areas, as have many of my friends and clients!

Please remember that abundance is not just about increasing the flow in a positive way in your finances ~ abundance and prosperity are beautiful words which mean increasing the flow in your life of so much more than mere money. So as you write out your abundance cheques at each New Moon, meditate on which areas of your life could do with a little bit of helpful abundance and set your intentions!

The traditional method (as below) is usually followed. Don't worry if you do not have a chequebook – you can draw a cheque out on a piece of paper and complete the cheque details in exactly the same way, or even use our template on the next page. The Universe doesn't how or where you choose to bank!

Within 24 hours after a New Moon (each New Moon date is shown on this calendar - in Universal Standard Time, so do check your own timezone):

- * take a cheque from your cheque book and where it says "Pay" write in your name
- * on the line where you would write in the amount in full, just write "Paid in full"
- * next to this line is the little box where you fill in the amount in figures, just write "Paid in full" again
- * sign your cheque "The Law of Abundance"
- * there is no need to fill in a date for your cheque!
- * neither do you need to specify a particular figure in the cheque – just pop your cheque away somewhere safe and let the Universe weave her magic.
